## About

### **CFMOTO: Powering the Future of Powersports**

From humble beginnings in 1989 to becoming a global leader in motorcycles and powersports, CFMOTO has earned a reputation for innovation, reliability, and exceptional value. Its diverse product range — including motorcycles, ATVs, UTVs, and high-performance SSVs — is trusted by riders and workers in over 100 countries. In Australia alone, more than 50,000 vehicles have been sold since 2005 through a robust network of over 80 dealers.

### ***“Built tough for Aussie conditions.”***

CFMOTO vehicles are engineered to thrive in Australia’s demanding farming environments — from long days in the paddock to rugged terrain and everyday rural tasks.

Backed by five advanced manufacturing facilities and a global workforce of over 8,000, CFMOTO is China’s largest exporter of ATVs and UTVs. Its technical partnership with KTM and the launch of its electric sub-brand ZEEHO reflect a bold vision for the future — combining cutting-edge design with sustainable urban mobility.

### ***“Innovation driven by real-world feedback.”***

CFMOTO listens to Aussie farmers and riders, using their insights to shape and refine its model range.

In 2025, CFMOTO introduced the UFORCE U6 EV — a pure electric utility vehicle designed for whisper-quiet operation without compromising on power or durability. Ideal for working around livestock, the U6 EV brings a new level of comfort and practicality to rural life.

With a deep understanding of farming needs and a commitment to delivering extraordinary value, CFMOTO is ready to support hard-working Australians with machines that go the distance — petrol or electric, CFMOTO has the right vehicle for the job.

# Brand Ambassadors

## **CFMOTO and All 4 Adventure**

Now in its 17th season, Australia’s No. 1 adventure, fishing and 4x4 show continues to push deeper into some of the country’s most remote terrain. Hosts Jase, Simon and newcomer Mitch will be backed by the rugged CFMOTO U10 PRO HIGHLAND, joining them every step of the journey.

## SPECS

## CFORCE

Built for the Land, ready for Work.

CFMOTO made its mark in the paddock, and the eleven-model CFORCE ATV range – including the new benchmark-setting 400s, 520, and 625s – is a direct result of that hands-on farming experience. Every CFORCE is built tough, with smart design, durable components, and practical features that help you get more done in less time.

Whether you're fencing, feeding, or just getting around the property, CFORCE ATVs deliver exceptional value for money. With engine sizes from 400cc to 1000cc, there's a model to suit every farm.

Mojo Motorcycles Pty Ltd, the official Australian distributor for CFMOTO, has released an updated quad bike range that meets Stage 2 of the Australian Government's mandatory Consumer Goods (Quad Bike) Safety Standard. Every quad bike listed in this brochure is fully compliant, giving you peace of mind while you work.

For more information on the safety standard, speak with your local CFMOTO dealer or visit [www.cfmoto.com.au](http://www.cfmoto.com.au).

## CFMOTO's engineers left no stone unturned when it came to developing the robust CFORCE 625

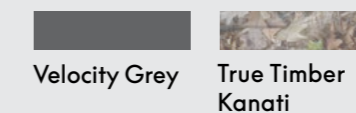

The CFORCE 625 range delivers premium performance across both models, each powered by a refined 580cc single-cylinder engine. With on-demand 2WD/4WD, independent suspension, heavy-duty racks, and serious towing capability, these ATVs are built for long days on the farm. Comfort, reliability, and versatility — all wrapped in one tough, hardworking ATV package.

### Next generation

CFMOTO's largest capacity, single-cylinder ATV, the CFORCE 625 EPS, has undergone a series of technical updates and refinements, taking the already impressive package to new heights.

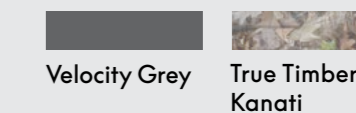

- 580cc engine, 45hp
- Two drive modes
- Power steer
- Front and rear diff lock
- 3000lb winch
- 612kg tow capacity

### Two-up touring

The 625 TOURING comes with all the goodies that its smaller sibling gets, plus a longer wheelbase for two-up riding as well as a pillion backrest with grab handles.

- 580cc engine, 45hp
- Long wheelbase / two seat
- Power steer
- Front and rear diff lock
- 3000lb winch
- 612kg tow capacity

# pure electric

## CFMOTO is proud to present its first pure electric UTV.

Purpose-built for farming, council operations, commercial use, and even off-grid living. It's not just about going electric; it's about transforming the way you work. With silent operation, zero emissions, and minimal vibration, the U6 EV delivers a whole new level of comfort and control. Whether you're working around livestock, maintaining public spaces, or navigating remote properties, the silence means less stress, less disturbance, and more focus.

No noise. No fuss. Just dependable electric power.

Designed with the same rugged DNA as CFMOTO's petrol-powered workhorses, the UFORCE U6 EV doesn't compromise on capability.

\*110km on a single charge: achieves a range of 110km at a constant speed of 30-40km/h after a full charge, under temperatures of 20-25°C. ~Quoted 6.5hr charge time from 0-100% under temperatures of 20-25°C.

### Pure electric

Designed to deliver robust performance, reliability, and practicality – all in one great value CFMOTO package.

## Total care

There's something magical about buying a brand new CFMOTO – whether it's the first purchase or your 10th.

Regardless of the circumstances, picking up a brand spanking new CFMOTO is a wonderful feeling.

Owning a CFMOTO is an amazing experience, and one of the best ways to ensure the good times continue is with a regular service and maintenance routine. Trust us: your CFMOTO will thank you for it!

## Parts & accessories

Genuine parts and accessories are tailor-made for your ATV, UTV or SSV, and it's no different with CFMOTO. What is removed is returned with a perfect match, and the accessories have been manufactured to account for every nuance of your model to enhance your CFMOTO even more.

And, of course, genuine CFMOTO parts and accessories come with the highest level of quality controls, so you know you're getting the best.

## Shop CFMOTO

Parts and accessories are available from our on-line shop 24-7, but the best place to get wise counsel is from your local CFMOTO dealer.

Your authorised CFMOTO dealer can also help you with that vital, final piece of the ownership matrix – ensuring your vehicle is serviced in accordance with manufacturer guidelines.
