

## 500SR VOOM

### A High-Performance Mid-Size with Neo-Retro Flair.

The CFMOTO 500SR VOOM is a time machine with a throttle. Inspired by the minimalist race machines of the 1980s and 1990s, this full-power inline four-cylinder sports bike blends classic style with cutting-edge technology — delivering an unmistakable look, an unforgettable sound, and the kind of performance that begs to be unleashed.

Whether you're carving up mountain roads, rolling into your favourite café, or pushing the pace on track, the VOOM delivers a riding experience like no other in its class.
