

**800  
MT-ES**

The CFMOTO 800MT-ES pairs a 799cc twin-cylinder engine with electronic suspension, Bosch rider aids, J.Juan brakes, and a 19L tank to deliver a premium middleweight adventure package with real world comfort and control. It produces 94 hp and the standout Intelligent Suspension System is designed to adapt to load, speed, and terrain for a more refined ride.
